The 8 things we need for each class

1. Class name	Example: Junior Football
2. Ages	Example: 4 to 6 years
3. Day(s)	Example: Saturday (name each day)
4. Start and end time	Example: 10:00 to 10:45
5. Venue address	Example: the venue name and street address
6. First and last date	Example: 10 Oct 2026 to 19 Dec 2026
7. Price and what it covers	Example: HK$180 per session, or HK$1,800 per term
8. Booking or enquiry page	Example: the web page where parents book or ask

If something is missing, we ask you one quick question. We never guess a time, a price or an address.

Nice to have

- A short description of the class (3 to 5 sentences)

What happens next

1. **You send**
   Any of the three ways.
2. **We convert and check**
   Every detail is checked.
3. **Your classes go live**
   Parents can find them.
4. **We email you the links**
   You see what parents see.

Keeping it up to date

Change your sheet, send the same kind of file again, or let your live link do the work. When a class ends, its page stays on the site marked as ended, so nobody lands on a broken link.

Your organiser page, camps and workshops

Each organiser has a page with a logo, a description and all classes in one place. Claim your listing at kidsclub.hk/claim-your-listing/ to edit it yourself.

Holiday camps and one-off workshops need the same 8 details. If a camp runs in several blocks, list each block of dates separately.
